Home Department,  
Government of Rajasthan

Director,  
Rajasthan Police Academy,  
Jaipur

Principal Secretary,  
Higher Education Department,  
Government of Rajasthan

Registrar of the University,  
Member Secretary

## FROM VICE CHANCELLOR'S DESK

Sardar Patel University of Police, Security and Criminal Justice, Jodhpur which started functioning in January, 2013, is about four years old. This is a pioneering University which aims to foster the creation of new knowledge in the domains of criminal justice, public safety, security and related areas and provides a forum for engagement between field practitioners and researchers for expanding the horizons of knowledge and engendering innovations.

Being a new institution, it is natural that this University may not be comparable to the well-established Universities in terms of student body, faculty and infrastructure. However, the academic commitment, energy and enthusiasm of its faculty, students and staff make up for this in a large measure.

The University has started its academic journey and it is in the process of instituting innovative programmes for the benefit of both students and serving professionals. The University provides students utmost possible support and guidance in maximising their potential to the fullest and it endeavours to connect classroom learning to the institutional and social engagements relevant to these disciplines.

Shri Bhupendra Singh(IPS)

Vice Chancellor,

Sardar Patel University of Police, Security & Criminal Justice, Jodhpur

## ABOUT SPUP

Sardar Patel University of Police, Security and Criminal Justice, Jodhpur is established by the Government of Rajasthan. The Act mandates the University to focus on teaching and research in the field of Police, Social Sciences, Criminal Justice, Public Safety and Security and other related areas. This is a unique initiative in the above-mentioned field as this University will be a blending ground for academia, practitioners and industry.

We offer our students knowledge and insights relevant for their professional Goals, opportunities and environment. we promise to bring best faculty and expertise in the relevant discipline from across the globe.

The vision of the University is to provide an interdisciplinary academic environment for learning and research through programs that include perspectives for Social Sciences, Humanities, Science & Technology and professional studies whereby students and professionals equip themselves with intellectual, professional and moral competencies for combating the emerging challenges to security, justice and public safety in a free, democratic and diverse society.

## WHY SPUP?

The whole world is stepping towards the Cyber War as Cyber-crimes are increasing in a drastic way. Every country including India is affecting from this. World needs Cyber Security experts to handle the threats and SPUP is one of the prestigious institution which is providing M.Tech program in Cyber Security to fulfil the demand of the world as well as of India of Cyber zone. The students at SPUP are well trained and have a vast knowledge of every area of the Cyber world where threats exist. They have sharp skills and talent in the emerging fields of Cyber world.

- **CYBERCRIME AND IPR:** Students at SPUP are very well aware about the laws and policies regarding data protection on cloud and in physical aspects too. They have a deep knowledge of Intellectual Property Rights and about its laws which are very much required to solve the cases of cyber-crime.
- **CYBER FORENSICS:** SPUP students are very agile to extract the evidence for digital forensics. They have worked on practical cases to gather the information with the help of latest tools and techniques of digital forensics. There are number of students who are dedicated towards research to contribute in the various fields to the society.

- **CLOUD COMPUTING:** Cloud Computing is accelerated with a very high speed. The growth for cloud computing services is projected to grow from \$70 billion in 2015 to an estimated \$141 billion in 2019. So security concerns are also increasing. Students at SPUP are experienced to various kind of attacks on cloud and have a vast knowledge of its infrastructure to get to know the loopholes through which attacks can take place.
- **MOBILE AND WIRELESS TECHNOLOGY:** Mobile & Wireless Technologies are a complex blend of hardware, software, network architecture. The programme helps to unravel this complexity, provides state of the art knowledge and skills in the fields of mobile interaction, software development and network architecture.
- **MALWARE ANALYSIS:** This is the world where malware resides in maximum number of devices such as mobile and computer to steal the information so that it could be misused for illegal activities. To analyse the malware, unique abilities are required in which SPUP students are expert. They have wide range of tools and techniques to detect and prevent the malware attacks.
- **RESEARCH:** SPUP has signed MOUs with the most prestigious institutions in India which provides research and training facilities to the students. Students of SPUP are very dedicated and keen for the research work. Students of SPUP are getting the gracious remarks from different institutions for their work.

# ABOUT COURSE

## COMPULSORY SUBJECTS

- Mathematical Foundations for Cyber
- Security Topics in Cyber Security Cyber Law and IT Law
- Wireless and Adhoc Network
- Applied Cryptography
- Security and Privacy Issues in Wireless
- Network Web Application and Penetration
- Testing Intellectual Property Rights
- Cyber Forensics, Audit and
- Investigation Dissertation

## ELECTIVE SUBJECTS

- Cloud Computing and Security
- E-Commerce
- Neural Networks
- Malware Analysis & Network Security
- Data Mining
- Information Security & Privacy

- Banking Technology & Management
- Big Data Analytics
- Communication Skills and Technical Writing
- Social Engineering
- Security Analysis of Protocol
- Introduction of Evolutionary Computing
- Research Methodology

# STUDENT PROFILES

Name – Aishwarya Sharma  
Course – M.Tech (Cyber Security)  
E-Mail – spul7cs01@policeuniversity.ac.in

B.Tech. (Electronics and Comm. Engg.)  
Anand International College of Engineering, Jaipur

Area of Interest – Network Security, Vulnerability Assessment & Penetration Testing, Data Mining, Forensics

Other Details:

- Internship at CDTI, Jaipur

Name – Akshay Ratnu  
Course – M.Tech (Cyber Security)  
E-Mail – spul7cs02@policeuniversity.ac.in

B.Tech. (Computer Science & Engineering)  
JIET College of Engineering, Jodhpur, Rajasthan

Area of Interest – Vulnerability Assessment & Penetration Testing

Other Details:

- Working Experience of Python

Name – Anita Mitharwal  
Course – M.Tech (Cyber Security)  
E-Mail – spul7cs03@policeuniversity.ac.in

B.Tech. (Electronics and Comm. Engg.)  
SGEC, Jhunjhunu, Rajasthan

Area of Interest- Malware Analysis

Name – Deepanshu Sharma  
Course – M.Tech (Cyber Security)  
E-Mail – spul7cs04@policeuniversity.ac.in

B.Tech. (Computer Science & Engineering)  
Teerthanker Mahaveer University, Moradabad, U.P.

Area of Interest – Cyber Forensics, Vulnerability Assessment & Penetration Testing

Professional Experience – 2 years

Other Details:

- Internship at Bureau of Police Research & Development
- Internship at CBI Headquarter
- Internship at Economic Offences Wing (EOW), New Delhi

# STUDENT PROFILES

Name – Dinesh Kumar Choudhary  
Course – M.Tech (Cyber Security)  
E-Mail – spu17cs05@policeuniversity.ac.in

B.Tech. (Electronics and Comm. Engg.)  
Jaypee University

Area of Interest – Cyber Forensics, Embedded System, Malware Analysis

Professional Experience – 3 years

Other Details:

- Internship at CDTI, Jaipur

Name – Doshi Madhura Sandesh  
Course – M.Tech (Cyber Security)  
E-Mail – spu17cs06@policeuniversity.ac.in

B.E.- Electronics and Telecommunication  
WIT, Solapur

Area of Interest – Audits, Vulnerability Assessment & Penetration Testing

Name – Geetansh Goyal  
Course – M.Tech (Cyber Security)  
E-Mail – spu17cs07@policeuniversity.ac.in

MCA  
SRU, Alwar, Rajasthan

Area of Interest – Cyber Forensics, Vulnerability Assessment & Penetration Testing, Networking, IOT

Other Details:

- Internship at CDTI, Jaipur

Name – Hansraj Biswas  
Course – M.Tech (Cyber Security)  
E-Mail – spu17cs08@policeuniversity.ac.in

B.Tech. (Electronics and Comm. Engg.)  
Global College of Technology, Jaipur

Area of Interest – Cyber Forensics, Malware Analysis, Vulnerability Assessment & Penetration Testing

Other Details:

- Internship at CDTI, Jaipur

# STUDENT PROFILES

Name – Kailash Kumar  
Course – M.Tech (Cyber Security)  
E-Mail – spu17cs09@policeuniversity.ac.in
